

2015 Advocate of the Watershed Award

Schuylkill Action Network

The Schuylkill Action Network, led by the Partnership for the Delaware Estuary, is a coalition of organizations, businesses, government, water suppliers, and other stakeholder who share in a vision for a clean and healthy Schuylkill Watershed. Together, this collaborative effort brings people together to share information, prioritize work, and leverage funding and resources to implement projects that restore and protect the Schuylkill River and its tributaries.

Over the past 13 years, the SAN has helped to direct investments of more than 425 Million dollars to complete nearly 600 projects to improve the health of the watershed.

This work is a direct reflection on the nearly 100 organizations that work tirelessly to improve the health of the our one of our most valuable resources, the Schuylkill River. The SAN has launched a number of effective initiatives, like Schuylkill Action Students, which aims to install more stormwater management BMPs on school campuses and educate students by involving them in the projects.

In addition, the SAN publishes informative educational materials and makes them available to the

materials and makes community.
